CLT SKILLS IV: AES & INFORMATION CHUNKING™

August 11-12, 2008 8:30a.m. - 5:00p.m.
 Prerequisite: CLT Skills Development III™

This course focuses on the development of the ability to chunk and prioritize information toward the appropriate inclusion of Auditory Environmental Stimuli. A combination of lecture, discussion, and skills development lab provides participants with an opportunity to manipulate chunks of information, analyze AES, develop ranking strategies, and build short-term and long-term memory.

- College credit available

Registration and Location Information:
 Tami Schweisthal: 1-800-657-3936 or
 Tami.Schweisthal@state.mn.us
